

ARGENTINE SOCIETY OF SAINT LOUIS

“LET’S GET CLOSE TO OUR BROTHERS AND SISTERS OF LA PLATA AND BUENOS AIRES”

All of us here would like to help, as the rest of the people in Argentina, who despite being in the middle of a serious economic crisis didn't doubt to show, again, their high solidarity spirit.

The Argentine Society of Saint Louis, some of whose members have relatives and friends in the areas affected by the floods in the province of Buenos Aires, some of them suffering deeply the consequences of such devastating situation, has decided to join the support of the people in need.

The main objective is to collect monies which will be channeled, through one of the most reliable assistance entities in the country, to buy and deliver basic needs products for the affected families.

The collected monies will be taken to Argentina by a member of the Society who is making a trip, and will be delivered, in person, to *Cáritas Argentina*, at its main office in Buenos Aires. *Cáritas* is deeply involved in the assistance to families in need, with food and whatever is necessary for the cleanup and reconstruction activities by the affected people in La Plata and surrounding areas.

The donations will be received until May 10. Checks should be made to “Argentine Society of Saint Louis”, and sent to: “P.O. Box 6063, Chesterfield, MO 63006-6063”. The donations are “Tax Exempt”, so the Society will send a letter to the donors to be used for that purpose.

Help is never “large” or “small”, it's simply an expression of LOVE to whom is in need. Each bit is important, and the participation of each one of us, as humble as it may seem, will reduce some suffering, will soften concerns...will make somebody smile. Let's demonstrate that the distance has not placed our hearts far away, that we want and will help. Together we will achieve it... let's not waste time.

THANK YOU SO MUCH
